ABOUT INSTITUTE

Government College of Engineering, Amravati was established in 1964. It is an autonomous institute of Government of Maharashtra affiliated to Sant Gadge Baba Amravati University, Amravati. This Institution offers seven UG and eight PG programmes in engineering disciplines. The Institute has its own campus spread over 105 acres of land. Over the years this institution has transformed into premier technical institute of India, catering to the needs of industries, public sector undertakings, educational institutes and community in general.

The institute has been awarded an autonomous status in the year 2006. The institute has successfully completed World Bank assisted project under Technical Education Quality Improvement Program (TEQIP) Phase I and Phase II by the Government of India. The Institute stood at 31st rank all over India as per outlook survey report 2018.

ABOUT AMRAVATI

Amravati is city in the state of Maharashtra, India. Amravati is about 156 kms away from Nagpur. Amravati is well connected to other major cities of the country through regular trains.

HOW TO REACH

Government College of Engineering, Amravati is situated about 15 kilometers from Badnera Railway Station and 04 kms. from Amravati bus station/Amravati Railway station.

COURSE OUTLINE

As academia and industry share a symbiotic relationship. New research topics arise out of interaction between the duos which benefit both academia and industry. Industry based curriculum can be designed by considering industry input regarding the skills and competencies needed.

As entrepreneurs play an important role in bringing up the society in terms of financial and human resources. This FDP is focused on how to inculcate entrepreneurship thinking skills in students and also how to bridge the gap between academia and industry.

COURSE CONTENTS

- Need of Industry Based Curriculum.
- Problem Based Learning (PBL) by Way of Industry Based Projects.
- Role of Industry in Curriculum design.
- Involvement of industry experts in R&D & Consultancy.
- Enhancing Teaching Learning Process.
- Expectation of Industry from Engineering Graduates.
- Involvement of Industries in Projects, Dissertation and Experiments.
- Entrepreneurship Development Strategies/ need of Entrepreneurs in present circumstances.
- Need of start-ups, Government Support for new Entrepreneurs

RESOURCE PERSONS

Experts are invited from reputed industries and institutes.

ELIGIBILITY
