

# MAHARASHTRA INDUSTRIAL DEVELOPMENT CORPORATION

(A Government of Maharashtra Undertaking)

VIKRAM KUMAR I.A.S  
JOINT CHIEF EXECUTIVE OFFICER

To,  
Dr. Abhay E. Wagh  
Director, Directorate, Technical Education,  
Government of Maharashtra.

Subject: Magnetic Maharashtra: Convergence 2018, The Global Investors Summit

Dear Dr. Wagh,

With its constant progressive measures to facilitate investments and investors, the state of Maharashtra has worked towards the goals that were announced during the Make in India initiative, 2014. The state that contributes close to 15% to the National GDP is estimated to grow at 9.4% in the current year. In the first half of this fiscal year, the state has already attracted 45.24% of the FDI share received by India. Manufacturing, which is the driving force of the Make in India initiative, now contributes close to 21.43% of the state's GSDP.

In order to continue on this growth trajectory and continue being the most favored business destination for global and domestic investors, the state of Maharashtra is launching its first ever state driven Global Investor Summit, **Magnetic Maharashtra: Convergence 2018**, in Mumbai during the **18-20<sup>th</sup> of February, 2018**.

The **Convergence 2018 Summit** will let you experience the atmosphere where the best minds from industries and government machineries converge to co-create. This three day long initiative would offer unprecedented access, perspective and opportunity to connect and collaborate with India and global industry leaders/visionaries, academicians, central and state administrations.

With these experienced minds giving out their insights about various aspects of the industrial sector, it would be a great opportunity for the young and capable minds to come and experience firsthand, what the future holds for them and for the upcoming entrepreneurs, to have a closer look on how the manufacturing sector in India works.

I am writing to request you to invite these talented fresh minds from various institutions across Maharashtra to participate as audience in the seminars and exhibitions being organized at the **Convergence 2018 Summit** which aims at celebrating Maharashtra's partnership with the world. The events include:

• **Conferences at the Summit**, You may register for the sessions of your choice at [www.midcindia.org](http://www.midcindia.org)  
The sessions have been planned across four key pillars of Future Industry, Employment, Infrastructure and Sustainability and are aimed at serving as a platform to seek the opinion of industry captains and think tanks on making Maharashtra a world class destination and discuss an actionable way forward for the manufacturing sector and opportunities for us to converge towards new growth avenues.

• **Exhibition**, showcasing the progress of Maharashtra across diversified sectors from 18<sup>th</sup> - 23<sup>rd</sup> February, 2018

An invitation from your end would surely encourage the students from all over the state to register as a part of the audience for the exhibition and seminars.

To view key details and register for events please visit [www.midcindia.org](http://www.midcindia.org) or download Magnetic Maharashtra app available of Android Play Store as well as IOS App Store.

Regards,

*Vikram*
